Traditional NVR -- NQ10	
Product image	**Product features**
	☆Through cloud service, remote monitoring can be achieved in one step.
	☆Standard Onvif protocol, can be connected to IPCs that support Onvif protocol
	☆Support P2P cloud platform remote monitoring, realize APP instant preview + remote video playback
	☆Compatible with a wide range of shells, supporting 95% of the shells on the market
	☆The most user-friendly, popular, commercial 10-ch embedded H.265 NVR
	☆Integrated board design for more convenient assembly
	☆4K Ultra HD
	☆Can be connected to high-definition network cameras. Provides preview/recording/playback functions

No.	Sorts	Type	Parameters
1	System	CPU	A1
		Memory	
		Video format	H264/H265
		Operating System	Embedded Linux
2	Video	IP Video Input	10-ch，supports up to 10* IPC video input
		Preview	Main stream fps; Sub stream fps
		Recording	10 * / fps
		Playback	1*4K / 4*5MP
		VGA Output	Resolution supported：1920×1080，1440×900，1280×1024，1280×820，1024×768
		HDMI Output	Resolution supported：3840*2160，2560×1440，1920×1080，1440×900，1280×1024，1280×820，1024×768
3	Audio	Input	Support
		Output	Support
		Two Way Audio	Not support
4	Recording	Recording Resolution	Supports 720P/960P/1080P/3MP/4MP/5MP/8MP
		Real Time Recording Channel	10-ch
		Recording Mode	Scheduled recording, intelligent event recording, custom recording
5	Playback	Synchronous Playback	4 channels playback (main stream)
		Search Mode	Search by time point, calendar, event, channel
		Smart Playback	Supports motion and humanoid events, and can directly locate events
6	Backup	USB Portable Hard Drive, USB Flash Drive	Support
		Backup File Format	
7	Network	Network Protocol	TCP/IP,IPv4,DHCP,RTSP,ONVIF,P2P etc.
		Network Interface	1 RJ45 interface, 10/100M adaptive
8	Storage	HDD	1个SATA interface（Up to 14TB capacity for each disk）
		Recording Event	Scheduled recording, mobile detection linkage recording, and human detection linkage recording
		Cloud Storage	/
9	Remote Access	Browser	/
		Client	/
		Mobile Operating System	Android, IOS
10	Others	External Interface	2*USB2.0 interface(Rear); Support mouse, USB upgrade, import and export
		Front Panel	Supports power interface, recording, alarm(3 status indicator light)
11	Physical Indicators	Rated voltage	DC12V / 2A
		Power supply	12V plug in power supply
		Operating condition	Temperature: -10～55℃; Humidity: ＜90%
		Weight	Gross weight: （Note: in kind prevail）
		Size	（Note: in kind prevail）
		Packaging list	Camera*1，manual*1，DC12V 2A (optional according to the motherboard)
